# WVCA 2025-2026 ANNUAL REPORT

Here at WVCA, we are a family. Made up of students, families, staff, Board members, community volunteers, and donors… **just like YOU!** Each year, we strive to improve our operations to ensure we are best serving each and every student. Learn more about the milestones we celebrated this past year:

WVCA's mission is to provide the highest quality of early childhood education to ensure the greatest developmental potential of ALL children in partnership with their families, including therapeutic support services as needed.

We could not achieve our mission without the help of the generous donors who support our school, year after year!

**THANK YOU to every donor from $1.00 to $100,000 - every dollar makes a difference and directly impacts our students and programs!**

## OUR MISSION IN ACTION

**We pride ourselves on being inclusive - serving children with a variety of developmental delays, as well as typically developing children. Each student is unique and celebrated for their differences!**

Types of diagnoses and disabilities served at WVCA include Autism Spectrum Disorders, Down Syndrome, premature birth, sensory integration disorders, developmental delays, gross motor delays, speech/language delays, muscular dystrophy, intellectual disabilities, cerebral palsy, seizure disorders, and more.

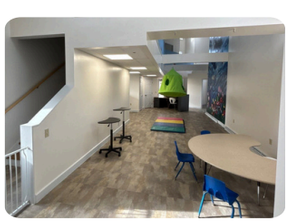

## CAMPUS IMPROVEMENT PLANS

**Over $5 Million Invested**

Over the past few years, WVCA has evolved from one location into a full campus, featuring two buildings, upgraded facilities, a brand new playground and more exciting updates to come! Stay tuned to watch WVCA's growth, as we continue to invest in our mission to best serve our students and families.

## LOCKE IS THRIVING AT WVCA!

"When my son, Locke, started at WVCA, he was timid and shy. As a child on the autism spectrum, he struggles with separation anxiety and a language delay. WVCA has given him the tools he needs to thrive. He has been enrolled for a year and his growth has been phenomenal. He's excited to go to school every day. He knows everyone's names and greets them with a smile. ***He's making huge strides on his goals. He would not be where he is today without the care and support of WVCA and its staff.*** As Locke's parent, I feel more confident as he prepares to start kindergarten in the Fall of 2027 that he will be ready. We are so grateful."

-Marina Martino

## AUTISM SCREENING CLINIC

WVCA is proud to provide an in-house Autism Screening Clinic that is open to ***all children and families in our community***. With the increasing number of children diagnosed with Autism, timely screening and evaluation services are critical to ensure children receive the care and support they need to thrive.

WVCA has been evaluating children for Autism since 2007. We are proud to say that to date, over **450 children have been evaluated**. Last year, we provided **39 Autism Screening Clinic sessions** and we look forward to expanding our program in the coming year.

WVCA partners with accomplished experts in this field including **Michael E. Kelley, Ph.D., BCBA-D,** a Clinical Professor at the University of Michigan, Department of Psychiatry and **Mary A. Sooy, Psy.D.,** a Licensed Clinical Psychologist with The Children's Service Center. They are assisted by WVCA's Autism Screening Clinic Coordinator, Danielle Runo. Together they ensure families receive the highest quality of care throughout the process.
